AUTHORITY AND REFERENCE

Authority cited: Section 14502.1, Education Code.

Reference: sections 14501, 14502.1, 14503, and 41020, Education Code.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The regulations in Title 5 of the California Code of Regulations, Division 1.5, Chapter 3, comprise the audit guide required by Education Code Section 14503. The audit guide provides guidance, through definitions of terms and specification of procedures, to auditors in the conduct of the annual financial and compliance audits required of K–12 local education agencies (LEAs) by Education Code Section 41020.

EAAP proposes to amend sections 19814, 19814.1, 19817, 19826, and 19828, and to add sections 19817.1, 19826.1, 19828.1, and 19837 to address issues resulting from new legislation in 2004 that changed conditions of apportionment of school funding. (Stats. 2004, c. 900 [SB 550], § 2, effective September 30, 2004, implementing a portion of the settlement in the Williams case [*Eliezer Williams, et al., vs. State of California, et al.*, a class action case filed in 2000]; and Education Code § 52124 as amended by Stats. 2004, c. 910 [SB 311], § 1, effective September 30, 2004.) In addition, several minor changes are made throughout the affected sections for consistency of style in the audit guide.

Article 2, Audit Reports, includes definitions of terms in Section 19814. Subdivision (e) is being amended to list the numbers of audit procedures for state compliance requirements applicable to fiscal year 2003–04 separately from the numbers of audit procedures applicable to fiscal year 2004–05. The numbers of audit procedures for fiscal year 2004–05 are being amended to reflect the changes proposed to address new legislation in 2004. Section 19814.1, Applicability of Audit Procedures by Audit Year, is likewise being amended to add proposed new Section 19837 to the range of sections applicable to audits of fiscal year 2004–05.

Article 3, State Compliance Requirements, lists the particular state-funded education programs that are required to be audited and sets forth procedures to guide auditors in steps to determine whether an auditee was in compliance with the relevant statutory and regulatory requirements during the fiscal year audited. This supplement modifies the following sections to clarify that they apply to audits of fiscal year 2003–04 only:

- § 19817 Attendance,
- § 19826 Class Size Reduction, and
- § 19828 Instructional Materials.

To implement 2004 legislation, this supplement adds the following sections, which will apply to audits of fiscal year 2004–05 and subsequent fiscal years:

- § 19817.1 Attendance,
- § 19826.1 Class Size Reduction,
- § 19828.1 Instructional Materials, and
- § 19837 School Accountability Report Card.

DISCLOSURES REGARDING THE PROPOSED ACTION

- Mandate on local agencies and school districts: None
- Cost or savings to any state agency: None
- Cost to any local agency or school district which must be reimbursed in accordance with Government Code section 17561: None
- Other non-discretionary cost or savings imposed upon local educational agencies: None
- Cost or savings in federal funding to the state: None
- Significant, statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states: None.
- Cost impact on a representative private person or business: EAAP is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
- Adoption of these regulations will not:
 - (1) create or eliminate jobs within California;
 - (2) create new businesses or eliminate existing businesses within California; or
 - (3) affect the expansion of businesses currently doing business within California.
- Significant affect on housing costs: EAAP has made an initial determination that the proposed regulatory action would not affect housing costs.
- Effect on small businesses: The proposed regulations will have no effect on small businesses because they do not materially alter the requirements for LEA audits.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5(a)(13), EAAP must determine that no reasonable alternative considered by EAAP or that has otherwise been identified and brought to the attention of EAAP would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

EAAP invites interested persons to present statements or arguments regarding alternatives to the proposed regulations at the above-mentioned hearing or during the written comment period.

TITLE 11. COMMISSION ON PEACE OFFICER STANDARDS AND TRAINING

NOTICE OF PROPOSED REGULATORY ACTION

Amend Regulation 1005(d) to Establish a CPT Anniversary Date

Notice is hereby given that the Commission on Peace Officer Standards and Training (POST) proposes to amend regulations in Chapter 2 of Title 11 of the California Code of Regulations. This proposal is made pursuant to the authority vested by Penal Code sections 13503 (powers of the Commission on POST), 13506 (authority for the Commission on POST to adopt regulations), 1350(c), establish minimum standards for recruitment and training of local public safety dispatchers) and 13512 (authority to make inquiries to determine adherence to standards for recruitment and training). This proposal is intended to interpret, implement, and make specific Penal Code section 13503(e) (Commission on POST authority to develop and implement programs to increase the effectiveness of law enforcement, including programs involving training and education courses) and 13512 (authority to make inquiries to determine adherence to standards for recruitment and training).

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

CURRENT REGULATIONS

POST Regulation 1005(d) currently requires peace officers and dispatchers to complete Continuous Professional Training (CPT) to maintain or enhance job related skills. Twenty-four hours of specified training is required every twenty-four months, based upon a significant number of variable start dates and specific regulations. The twenty-four month begins with specified start dates and continues with two-year cycles after that. Existing POST regulations specify multiple options for starting and tracking CPT training. An officer or dispatcher could also have a significant number of options for CPT start dates based on employment status changes such as lateral transfer, promotion, military leave, etc., over the course of his/her career. To check a department for compliance with CPT and other POST requirements, staff uses a POST Analysis Report for the department that is generated shortly before staff's scheduled compliance check visit with the department. This randomly selected POST Analysis Reports shows each peace officer or dispatcher's training record for the two-year period immediately before the report date. This practice differs from the regulation concept of complying with the CPT requirement within two years

after a specified date unique to the individual. Finally, current CPT-related regulations do not address employment status changes such as reappointments and lateral transfers; dual employment in different classifications and the same classification; and training in excess of the 24 hours required.

PROPOSED REGULATIONS

The Commission is proposing to amend Regulation 1005(d) to adopt a single CPT Anniversary Date that is permanently assigned to each officer or dispatcher. Because the CPT Anniversary Date is permanent, it will not change with as an individual's employment status changes. Other proposed language addresses and provides business rules for employment variables:

1. No CPT training will be required during the first year of employment with a department.
2. Concurrent employment, in the same classification, with two law enforcement agencies, will require only one CPT cycle.
3. Concurrent employment in different classifications will require separate cycle dates and training.
4. An individual who is employed as both a peace officer and a dispatcher will receive credit for attending certain training classes that are required for, or are applicable to, both peace officers and dispatchers.
5. New hires are allowed a twelve months from their first appointment date to any qualifying peace or dispatcher position before CPT tracking starts. By design, the proposed regulations delay the start of the CPT training cycle to twelve months from the appointment date; hence the term anniversary date.
6. Lateral transfers and reappointments will receive a grace period between the date reappointed and next cycle CPT Anniversary Date for the individual.

Non-substantive changes will be made to Commission Procedure E to correct two references to definitions related to public safety dispatchers and correspondingly, to Regulation 1014 to update the incorporation by reference statement.

WHY THESE CHANGES ARE PROPOSED

Law enforcement departments and POST staff who are responsible for determining CPT compliance both experience difficulty with the current system for determining the twenty-four month cycle. In the current design, POST Analysis Reports cannot effectively or efficiently match department-tracking systems. Staff determines CPT compliance using each employee's training profile for the two-year period that precedes the report date, although regulation language prescribes complying with the CPT require-

ment within two years after a specified date unique to the individual. With the random date assigned for compliance on the POST Agency Analysis Reports, staff is not able to use these reports in any consistent way to audit department training records. Furthermore, POST-participating departments cannot effectively use these reports to accurately plan and schedule training, or to match their employee's training compliance with the random dates generated by the POST Analysis Report. These inconsistencies may manifest as problems during POST compliance audits that show department personnel out of compliance when they may actually be in compliance. The audits may also show officers and dispatchers being in compliance when they in fact are out of compliance.

The grace period for new hires during the first year of employment is proposed to allow departments to give priority to FTO programs, POST-required training such as investigation and trial preparation, campus police training, dispatcher basic, coroners basic, Requalification Course, and airport police training, that are needed to meet entry-level standards but do not qualify for CPT credit. In some cases, peace officers and dispatchers have been required to complete CPT training before they complete entry-level training required in their first year of appointment (contained in current regulations).

The grace period for reappointments and lateral transfers is intended to allow departments to give priority to indoctrination, refresher training, requalification, legislative updates, and probationary assessments that are needed to meet re-entry-level standards and that do not qualify for CPT credit. This grace period also eliminates the need for new CPT tracking dates, and maintains the **permanent** CPT Anniversary Date assignment.

The absence of rules for employment status changes related to CPT compliance have caused confusion for law enforcement agencies and are collectively being replaced with the single new proposed CPT Anniversary Date for all groups.

THE IMPACT OF THE CHANGES

These changes to current 1005(d) regulation language will result in one permanent CPT Anniversary Date for each peace officer or public safety dispatcher. Both staff and the employing department will know this date. This will simplify tracking CPT compliance for both staff and the POST-participating Program department, eliminate the possibility of unintentional non-compliance for department personnel. POST rules for employment status changes will be included in regulation language and will assist department with the transition time needed for new hires and rehires/lateral transfers. This change will also allow for all entry level training and /or probationary programs to

be completed before an individual is required to complete any CPT training. POST and its client departments will be using the same tracking cycle, thus improving communications and relationships between both.

The CPT Anniversary Date will be clearly displayed on the individual's training profile (POST computers will calculate the CPT Anniversary Date.) Departments will have access to their employees training profiles; POST and the department will use the same date for training compliance.

PUBLIC COMMENT

The Commission hereby requests written comments on the proposed actions. All written comments must be received at POST no later than 5:00 p.m. on March 28, 2005. Written comments should be directed to Kenneth J. O'Brien, Executive Director, Commission on Peace Officer Standards and Training, 1601 Alhambra Boulevard, Sacramento, CA 95816-7083, or by fax at 916.227.2801.

A public hearing is not scheduled. Pursuant to Government Code Section 11346.8, any interested person, or his or her duly authorized representative, may request in writing, no later than 15 days prior to the close of the public comment period, that a public hearing be held.

ADOPTION OF PROPOSED REGULATIONS

Following the close of the public comment period, the Commission may adopt the proposal substantially as set forth without further notice or the Commission may modify the proposal if such modifications remain sufficiently related to the text as described in the Informative Digest. If the Commission makes changes to the language before the date of adoption, the text of any modified language, clearly indicated, will be made available, at least 15 days before adoption, to all persons whose comments were received by POST during the public comment period, and to all persons who request notification from POST of the availability of such changes. A request for the modified text should be addressed to the agency official designated in this notice. The Commission will accept written comments on the modified text for 15 days after the date on which the revised text is made available.

ESTIMATE OF ECONOMIC IMPACT

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None

Non-Discretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Costs to any Local Agency or School District for which Government Code Section 17561 Requires Reimbursement: None

Significant Statewide Adverse Economic Impact Directly Affecting California Businesses, including Small Business: The Commission on Peace Officer Standards and Training has made an initial determination that the amended regulations will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability to compete with businesses in other states. The Commission on Peace Officer Standards and Training has found that the proposed amendments to Regulation 1005(d) will have no effect on California businesses, including small businesses, because the Commission sets selection and training standards for law enforcement and does not impact California businesses, including small businesses.

Cost Impacts on Representative Private Persons or Businesses: The Commission on Peace Officer Standards and Training is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with this proposed action.

Effect on Housing Costs: The Commission on Peace Officer Standards and Training has made an initial determination that the proposed regulation would have no effect on housing costs.

ASSESSMENT

The adoption of the proposed regulation amendments will neither create nor eliminate jobs in the state

of California, nor result in the elimination of existing businesses or create or expand businesses in the state of California.

CONSIDERATION OF ALTERNATIVES

To take this action, the Commission must determine that no reasonable alternative considered by the Commission, or otherwise identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome to affected private persons than the proposed action.

CONTACT PERSONS

Please direct any inquiries or comments pertaining to the proposed action to Patricia Cassidy, Associate Analyst, 1601 Alhambra Boulevard, Sacramento, CA 95816-7083, by telephone at 916.227.4847, by FAX at 916.227.5271, or by email at Pat.Cassidy@post.ca.gov. RULEMAKING PETITION DECISIONS

DEPARTMENT OF CORRECTIONS

NOTICE OF CORRECTED RESPONSE REGARDING DECISION ON PETITION TO AMEND REGULATIONS

California Code of Regulations Title 15, Crime Prevention and Corrections

PETITIONER

Paul Hebbe.

AUTHORITY

Under authority established in Penal Code (PC) Section 5058, the Director may prescribe and amend regulations for the administration of prisons. PC Section 5054 vests with the Director the supervision, management, and control of the prisons, and the responsibility for the care, custody, treatment, training, discipline, and employment of persons confined therein.

CONTACT PERSON

Please direct any inquiries regarding this action to Timothy M. Lockwood, Chief (A), Regulation and Policy Management Branch, Department of Corrections, P.O. Box 942883, Sacramento, CA 94283-0001.

AVAILABILITY OF PETITION

The petition to amend regulations is available upon request directed to the Department's contact person.

SUMMARY OF PETITION

Petitioner requests the Department of Corrections to amend regulations in the California Code of Regulations (CCR), Title 15, Division 3, Sections 3391(b) and 3084.7, requesting the time period be extended to one year for prisoners to file Citizens Complaints.

DEPARTMENT DECISION

The Director of Corrections denied the petition to amend regulations in Title 15, Division 3, Sections 3391(b) and 3084.7 of the CCR which was published in the California Notice Register 2004, Volume No. 26-Z. The Department continues to deny the Petitioner's request to amend regulations; however, the following is a correction to the Department of Corrections' official response.

The Petitioner requests that the Department amend regulations relative to citizen's complaints authorizing inmates to extend the filing period from 15 days to one year. The Petitioner contends that the current regulations are not consistent with filing times of non-prisoners who have 12 months to file a citizen's complaint.

The Department separates the processes for citizen's complaints from inmate appeals; inmate complaints of peace officer misconduct are not "citizen complaints," but are considered inmate appeals and subject to the appeals process. A complaint by an inmate or parolee under the Department's jurisdiction shall be made on the Inmate/Parolee Appeal Form (CDC Form 602) under the appeal process outlined in the CCR, Title 15, Sections 3084 through 3084.7. Section 3391(b) specifies that an allegation by a non-inmate of misconduct by a departmental peace officer is a citizen's complaint pursuant to Penal Code Section 832.5.

The Department contends existing regulations adequately address inmates' right to file a complaint against departmental employees and provide a viable access to the Department's appeal process including their right to appeal, appeal preparation, time limits, etc. There is no exception to the 15 working days for an inmate complaint of peace officer misconduct.

Pursuant to CCR, Section 3084.1, any inmate may pursue a remedy, including this denial to amend regulations, through the Inmate Appeal process.

**CALIFORNIA ENVIRONMENTAL
PROTECTION AGENCY
OFFICE OF ENVIRONMENTAL
HEALTH HAZARD ASSESSMENT**

**SAFE DRINKING WATER AND TOXIC
ENFORCEMENT ACT OF 1986
(Proposition 65)**

NOTICE TO INTERESTED PARTIES

**CHEMICAL LISTED EFFECTIVE
FEBRUARY 11, 2005 AS KNOWN TO THE
STATE OF CALIFORNIA TO CAUSE CANCER**

The Office of Environmental Health Hazard Assessment (OEHHA) of the California Environmental Protection Agency is adding *vanadium pentoxide (orthorhombic crystalline form)* to the list of chemicals known to the state to cause cancer for purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986 (Health and Safety Code section 25249.5 et seq., Proposition 65). The listing of the chemical is effective **February 11, 2005**.

Vanadium pentoxide (orthorhombic crystalline form) (CAS No. 1314-62-1) is listed as a chemical known to the State of California to cause cancer. The listing of this chemical is based on a formal identification by an authoritative body (i.e., the National Toxicology Program ["NTP"]) that the chemical causes cancer. Regulations governing the listing of chemicals under the "authoritative bodies" mechanism are published in Title 22, Cal. Code of Regs. Section 12306.

The reader is directed to the Notice of Intent to List *vanadium pentoxide* published in the July 16, 2004, issue of the *California Regulatory Notice Register* (Register No. 2004, No. 29-Z) for the documentation supporting OEHHA's determination that the criteria for administrative listing have been satisfied for this chemical. The documentation was developed to explain the basis for listing this chemical via the authoritative bodies provision of Proposition 65. OEHHA analyses of dose-response data to establish the no significant risk level (NSRL) for this chemical under Proposition 65 have not been conducted. The priority status of the development of an NSRL for vanadium pentoxide (orthorhombic crystalline form) will be announced in a future OEHHA *Proposition 65 Status Report for Safe Harbor Levels*, available at <http://www.oehha.ca.gov/prop65.html>.

A complete, updated Proposition 65 list is published elsewhere in this issue of the *California Regulatory Notice Register*. The following table outlines the addition of *vanadium pentoxide (orthorhombic crystalline form)* to the Proposition 65 chemical list as known to the State to cause cancer:

Cancer

Chemical	CAS No.	Toxicological Endpoints	Listing Mechanism ¹
Vanadium pentoxide (orthorhombic crystalline form)	1314-62-1	Cancer	AB
